GOING GREEN... THINK BYGREEN!

OUR MISSION

OUR MISSION IS TO DELIVER **GREEN SOLUTIONS** TO OUR CUSTOMERS. THROUGH INNOVATION AND EDUCATION, WE SUPPLY SUSTAINABLE, ECO-FRIENDLY PRODUCTS THAT INSPIRE **ONE SMALL CHANGE** FROM EACH CUSTOMER. TOGETHER, THESE CHANGES CREATE **ONE BIG DIFFERENCE** FOR OUR PLANET.

CUSTOM PRINTING MAKE OUR PRODUCTS YOURS!

At Bygreen, our wide range of sustainable, eco-friendly products help make a big difference to our planet – one customer at a time. So why not use our custom design and printing services to put your own stamp on these products?

From straws, coasters, flag picks, reusable cups and cutlery we can customise all our products to make your brand stand out. Our talented graphic design team can create packaging that's as unique as you are.

Let's get innovative... Some of Australia's best known brands use our design and printing services. How are you going to stand out?

The process is simple...

Just send us your logo and a description of what you'd like, and we'll design your artwork free in house. If you already have a graphic designer, we can send a template that they can use for your artwork. Whichever way you want to go, we'll make sure your brand is seen and heard!

Be seen, be heard.... get your custom printed products from Bygreen

CIRCULAR ECONOMY

A SUSTAINABLE CHOICE

We are advocates of the circular economy, a revolutionary alternative to the linear economy.

Unlike the “Take, Make, Dispose” approach, we follow the three-fold mantra of “Make, Use, Recycle.” Our focus lies in creating products using sustainable materials with a useful lifespan and ensuring they are recyclable or compostable at the end of their use.

By embracing the circular economy, we significantly reduce waste, alleviate landfill burdens, and contribute to mitigating greenhouse gas emissions while conserving valuable natural resources.

WASTE HIERARCHY

FOR A GREENER TOMORROW

At Bygreen, one of the core principles guiding our mission is the waste hierarchy – a fundamental approach that shapes our entire product lifecycle.

The waste hierarchy consists of six key steps: Avoid, Reduce, Reuse, Recycle, Recovery, and Disposal.

Through eco-friendly alternatives and renewable materials, we minimize our carbon footprint and conserve resources.

Our easily recyclable products contribute to a circular flow of resources, while responsible disposal is a last resort, adhering to environmental regulations.

Join us in building a greener, sustainable society with every choice leaving a positive impact on the environment.

SINGLE-USE PLASTIC BANS

AS OF SEPTEMBER 2023

AUSTRALIAN STATE / TERRITORY COMMITMENTS

KEY: = BANNED = PROPOSED

	ACT	NSW	NT	QLD	SA	TAS	VIC	WA
OXO BIODEGRADABLE PRODUCTS			 2025					
PLASTIC STRAWS			 2025					
PLASTIC CUTLERY			 2025					
PLASTIC STIRRERS			 2025					
PLASTIC PLATES & BOWLS			 2025					
PLASTIC LINED COFFEE CUPS & PLASTIC LIDS					 2024			 2024

NOTE: AUSTRALIA'S ENVIRONMENT MINISTERS HAVE IDENTIFIED EIGHT PRIORITY PLASTICS FOR INDUSTRY TO PHASE OUT NATIONALLY BY 2025, ALTHOUGH THIS IS UNDERSTOOD TO BE VOLUNTARY. THESE ARE LIGHTWEIGHT PLASTIC BAGS; PLASTIC PRODUCTS MISLEADINGLY TERMED AS 'DEGRADABLE'; PLASTIC STRAWS; PLASTIC UTENSILS AND STIRRERS; EXPANDED POLYSTYRENE (EPS) CONSUMER FOOD CONTAINERS; EPS CONSUMER GOODS PACKAGING (LOOSE FILL AND MOULDED); AND MICROBEADS IN PERSONAL HEALTH CARE PRODUCTS. IN ADDITION TO THE PLASTICS LISTED ABOVE, SOME JURISDICTIONS ARE ALSO BANNING OTHER PLASTICS SUCH AS BALLOON STICKS, BALLOON TIES, PLASTIC SOY SAUCE FISH, AND PRE-PACKAGED CUTLERY/STRAWS (I.E. ON JUICE BOXES). INFORMATION GATHERED FROM MARINECONSERVATION.ORG

BYGREEN ALTERNATIVES TO THE BANNED PRODUCTS CAN BE FOUND ON OUR WEBSITE AND THROUGHOUT THIS CATALOGUE

*To keep up to date with the latest info on the single use plastic ban legislation, please also refer to:

- NRA - nra.net.au
- Your STATE GOVERNMENT website
- BYGREEN website - Plastic Bans tab

WHY PAPER STRAWS?

Australians use 10 million plastic straws and 7 million plastic utensils every day.

Around 84% of the 2.5 million tonnes of plastic we produce each year goes to landfill.

More than 75% of rubbish on Australian beaches is made of plastic.

BYE-BYE PLASTIC, HELLO ECO-FRIENDLY PAPER STRAWS!

Why does Australia continue to contribute to the plastic problem? It's time for change, starting at the source. That's why we've made the decision to switch to eco-friendly paper straws!

Our paper straws are sourced from natural materials and are FSC® Certified. They are also certified home compostable, making them a sustainable choice.

Don't worry about sacrificing quality - our straws are strong, durable, and of high quality, available in both 3-ply and 4-ply options.

At Bygreen, we're committed to responsible sourcing and selling of products. We're constantly on the lookout for new and improved sustainable options to add to our range.

WE ENCOURAGE OUR CUSTOMERS AND DISTRIBUTORS TO JOIN US IN MAKING THE RIGHT CHOICE FOR A GREENER FUTURE. TOGETHER, LET'S MAKE A POSITIVE IMPACT!

PAPER STRAWS

THE TOUGHEST PAPER STRAWS IN OZ

With plastic straw bans now locked in across Australia, the quest for suitable alternatives is in full swing. And when it comes to the environment, paper straws are the safest option.

While the quality of paper straws has been inconsistent in the past, things are changing for the better. We've carefully selected the best paper straws for our product range!

Our straws are crafted from premium, food grade paper sourced from well-managed, FSC®-certified forests and other controlled sources.

They are available in either 3-ply or 5-ply options and are completely free from waxes. In fact, they are made with just 0.6% food-grade glue, ensuring a high-quality and eco-friendly choice for your sipping pleasure.

MEETS STANDARDS

- PASS FOR COUNCIL OF EUROPE RESOLUTION AP (2002) TEST FOR HEAVY METALS AND CHEMICALS;
- USA AND EU FDA APPROVALS FOR PAPER PRODUCTS COMING INTO CONTACT WITH FOOD;
- EC NO. 1935/2004, 30 AND 31 LFGB AND BFR RECOMMENDATION
- FSC® CERTIFICATION FSC-C146985
- TÜV AUSTRIA - OK COMPOST CERTIFIED FOR HOME COMPOSTABILITY

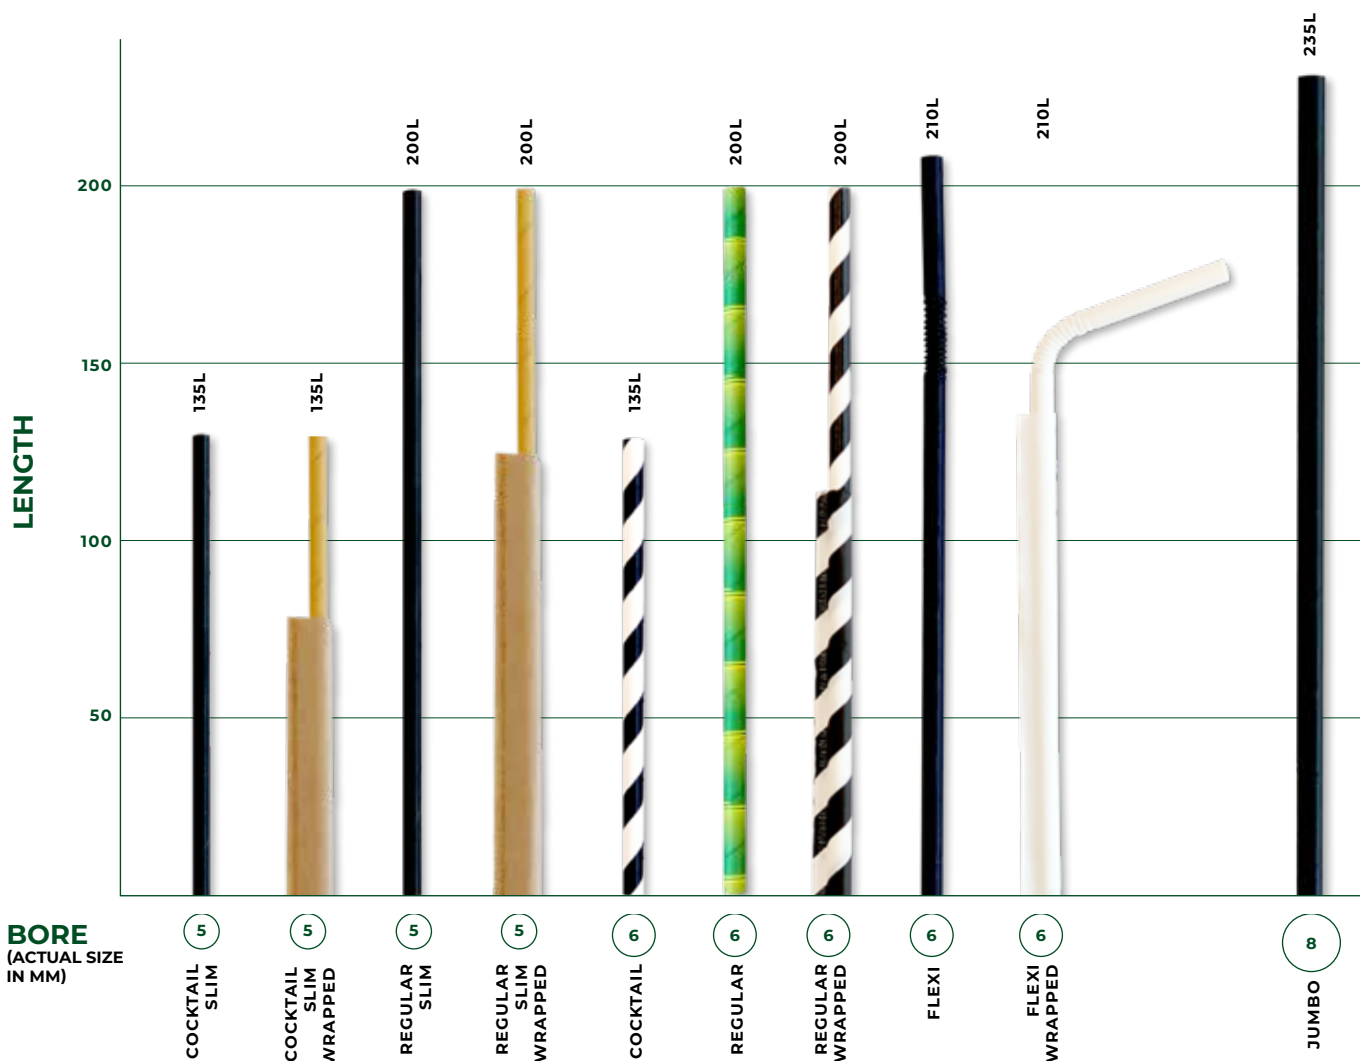

***ALL OF OUR PAPER STRAWS ARE MADE OF MATERIAL FROM WELL-MANAGED FSC®-CERTIFIED FORESTS.**

3 PLY PAPER STRAWS

MAKE THE ECO-FRIENDLY SWITCH TODAY

3-ply paper straws are a great eco-friendly alternative to plastic straws.

The paper is sourced from FSC®-certified responsibly managed forests, utilising renewable resources. These straws are biodegradable and home compostable, reducing their impact on the environment.

Additionally, choosing paper straws helps mitigate plastic pollution while enjoying a sustainable and enjoyable way to sip your favourite beverages.

CUSTOM PRINTED PAPER STRAWS

Our paper straws can be customised to match different occasions or branding needs. They can be printed with unique designs, logos, or messages, making them suitable for parties, events, or promotional purposes. This versatility adds a touch of personalisation and aesthetics to beverages.

ONE TREE
ECO FRIENDLY TABLEWARE

WOODEN CUTLERY

WOODEN YOU LIKE TO EAT WITH THESE?

Introducing our One Tree cutlery collection, carefully crafted from responsibly sourced timbers and bamboo harvested from FSC®-certified forests. Our commitment to sustainability ensures that our utensils do not harm marine life or contribute to the ever-growing landfill problem.

Choose from our selection of plain wooden utensils or opt for our waxed wooden cutlery, which even includes gelato spoons. The light wax coating not only eliminates the timber taste but also enhances your dining experience.

As part of our dedication to the environment, our packaging is entirely made of paper with no plastic lining, guaranteeing its eco-friendliness.

Experience the benefits of eco-friendly cutlery today—there’s no need to postpone the switch to wooden utensils.

1% OF ALL PROFITS RAISED FROM THE SALE OF OUR ONE TREE NATURAL WOODEN CUTLERY AND WAXED WOODEN CUTLERY IS BEING DONATED TO BRETTACORP INC. TO ASSIST WITH CONSERVATION THROUGH THE PLANTING OF MIYAWAKI FORESTS IN THE NORTH QUEENSLAND CASSOWARY REGION.

GUARDIANS OF GREEN

At Bygreen, we prioritise our planet and its inhabitants. Through our Guardians of Green initiative, we support individuals and organisations who share our vision for a better world.

We embrace various ways to make a positive impact, from local initiatives to collaborations with like-minded partners.

We're proud of our achievements but recognize the ongoing need for progress. If you're striving for a sustainable and equitable future, let's unite and build a better tomorrow together.

Bygreen supports Brettacorp, a non-profit founded in 2016, dedicated to creating Miyawaki forests in Tully. These forests protect endangered species like the Southern Cassowary and Mahogany Glider. Proceeds from Bygreen's One Tree Wooden Cutlery sales fund the planting of native trees, reducing greenhouse gases. Each \$10 received guarantees the planting of a tree.

Bygreen proudly sponsors the Eidsvold Eagles RLFC in 2023, a club close to Mick Krause's heart Bygreen's founder. After a five-year break, the community's renewed enthusiasm has revived the club. Bygreen supports this effort to bring back Rugby League as a community cornerstone. Let's soar with the Eidsvold Eagles!

Bygreen proudly supports SIPweek and the Perry Cross Foundation in their quest to cure paralysis. They believe in the foundation's vision of funding research for better outcomes. As a straw manufacturer, Bygreen sponsors and provides solutions for SIPweek, supporting people with disabilities. Bygreen collaborates closely with the foundation, providing straws and funding, and remains committed to supporting this remarkable cause.

In 2019, Noosa boys George and Carter aimed to reduce single-use and became QLD Minister's Climate Challenge finalists. Bygreen collaborated with them, resulting in the creation of E-PAC, a reusable travel kit. Mick mentored the boys, guiding them on supply chain costs and sourcing. The initiative gained traction at Australia Zoo and the 2022 Brisbane Ekka. Bygreen takes pride in innovating and backing this local initiative led by two inspiring young entrepreneurs advocating for reuse over single-use.

PALM LEAF TABLEWARE

SUSTAINABLE, BEAUTIFUL AND FOOD SAFE

Palm leaf tableware is an ideal, eco-friendly alternative to plastic plates and bowls. These products are compostable and biodegradable – so they return to the earth when you're done.

Made from fallen leaves of the Areca palm tree, our products undergo a safe and sustainable process:

1. High pressure cleaning
2. Pressing and heating
3. Checking and UV sterilisation

No waste is generated during production, as offcuts are repurposed for smaller bowls, and scraps become compost for Areca trees.

Our 100% organic palm leaf plates, bowls, and platters are suitable for hot and cold liquids. They remain strong, don't get soggy, and don't affect the taste of your food.

With the ban on single-use plastic, now is the perfect time to try our palm leaf range. Choose sustainability without compromising quality or convenience.

* ALL PALM LEAF PRODUCTS:

- ARE MICROWAVEABLE UP TO 2 MIN ON HIGH
- ARE SAFE IN A CONVECTION OVEN AT 180° FOR UP TO 40 MIN
- ARE SAFE TO USE FOR HOT AND/OR COLD FOODS
- IF STORED IN VERY COLD OR WET AREAS, MAY RESULT IN LOSS OF PRODUCT QUALITY

PINE CATERING RANGE

BOATS, CONES AND CUPS

Welcome to our Pine Collection: where natural aesthetics meet functional catering essentials, crafted sustainably for serving finger foods at any event.

Our Pine Boats provide an elegant solution for presenting appetizers and small bites. These boat-shaped vessels feature a thin layer of pine, providing a charming backdrop for your culinary creations. Perfect for gallery openings, cocktail parties, or corporate events, our Pine Boats add a touch of rustic sophistication to any occasion.

For a whimsical twist on traditional servingware, look no further than our Pine Cones and Pine Cups. These unique vessels offer a creative alternative to plates, allowing guests to indulge in delicious finger foods with ease. Crafted with precision and attention to detail, our Pine Cones and Pine Cups are sure to spark conversation and delight guests at your next gathering.

CATERING RANGE

HORS D'OEUVRES, CANAPÉS OR APPETISERS?

In today's world, maintaining proper hygiene and food handling practices at large events is crucial. Our collection of disposable toothpicks, cocktail forks, and bamboo tongs is here to help.

These essential tools are available in various sizes to suit any occasion, offering convenience while promoting hygiene. Disposable toothpicks prevent cross-contamination, cocktail forks provide a hygienic way to handle appetizers, and bamboo tongs offer a sustainable and versatile utensil option.

Incorporating these items into events ensures the health and safety of guests, creating worry-free experiences.

SKEWER RANGE

READY FOR YOUR NEXT BBQ

BBQs have undergone a significant transformation over the years and have transcended the simple act of throwing another snag on the barbie.

Nowadays, they encompass a broader culinary experience, featuring a diverse array of ingredients such as meat, vegetables, and seafood. Ensuring an effortless and secure approach to cooking delectable food has become crucial.

That's where our bamboo skewers come into play. Crafted from responsibly sourced materials originating from well-managed FSC®-certified forests, these skewers are an ideal choice for effortlessly loading meat or vegetables onto your grill, enhancing your next BBQ experience.

FLAGS & MARKERS

A STAKE THROUGH YOUR STEAK

Our 100% biodegradable paddles are made from plantation birch timber and our skewers are made from plantation bamboo. This ensures both quality and environmental sustainability.

Enhance your food presentation with our versatile flag picks, and steak markers, adding flair to your dishes and delighting your guests.

Easily identify different steaks or cooking levels using our color-coded paddles and steak marker flags, bringing efficiency and organisation to your kitchen.

For a personalised touch, consider our custom printed flags, allowing you to display your logo or brand message. Contact our office for more information on custom-printed flags and product details. Minimum order quantities may apply.

COCKTAIL PICKS & **STIRRERS**

ADD A BIT OF FLAIR TO YOUR COCKTAILS

Enjoying a cocktail shouldn't come at the cost of harming the environment. That's why our commitment lies in providing eco-friendly solutions for your cocktail experience.

Our cocktail picks and stirrers are crafted from FSC®-certified 100% Bamboo or Plantation Birch Timber sourced from responsibly managed forests. Not only do they add a touch of natural elegance to your drinks, but these versatile picks can also double as food picks, serving multiple purposes with sustainability in mind.

REUSABLE CUPS & BOTTLES

JOIN THE REVOLUTION

Plastic waste in the environment is becoming an increasing issue. Landfills are growing quickly, as is the amount of waste in our oceans. Recycling is not effective and is very limited in Australia. Reducing our waste by using reusables is one solution.

In Australia, over 1 billion disposable coffee cups are used annually, with the majority ending up in landfills. Similarly, only 30% of plastic water bottles are recycled, despite the production process consuming large amounts of oil and water.

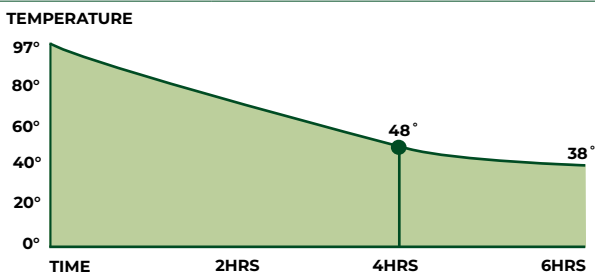

CUSTOM PRINTING

Custom printing reusable coffee cups and drink bottles is a win-win. It cuts down on waste, promotes your brand, and encourages eco-friendly habits. Plus, it's a cool way to spread the word about sustainability in a fun and casual manner.

GREEN ADDICT COMMERCIAL ECO-FRIENDLY COMMERCIAL CLEANING SOLUTIONS

Discover the power of eco-friendly cleaning with Green Addict's range of commercial solutions, perfect for hospitality venues prioritizing cleanliness and sustainability.

Our product lineup includes Eco, Daintree, Evolve, Rainbow, Cove, Wave, and Rain. Eco sanitises food contact surfaces without rinsing. Daintree tackles kitchen grease efficiently. Evolve offers a neutral pH cleaner for various surfaces. Rainbow cleans, sanitises, and deodorises with a pleasant apple scent. Cove ensures spotless glassware, Wave excels in dishwashing, and Rain prevents water spots and speeds drying.

Designed for ease of use, our products adapt to your needs with options for spray bottles and automatic dispensers. Choose Green Addict for sustainable, high-performance cleaning that supports a greener future.

PACKAGING SYMBOLS

KNOW YOUR PACKAGING SYMBOLS!

You might have observed an increase in symbols displayed on product packaging and in this catalogue. Understanding their significance is crucial to make informed purchasing decisions and dispose of the packaging responsibly. Below, you'll find a list of frequently encountered symbols and their meanings, specifically for the products featured in this catalogue.

DISPOSAL

COMPOSTABLE

You can compost this packaging in either a home or industrial compost. It will degrade within 180 days in an industrial compost and within 365 days in a home compost.

RECYCLABLE

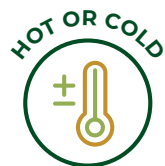

You can recycle this packaging in your home recycling bin. Clean off any food, grease, oil or other mess before placing it in the bin.

FEATURES

CUSTOMISABLE

This symbol indicates that our design team can customise the product to add your custom branding or create a unique solution just for you.

HOT OR COLD USE

Packaging with this symbol is ideal for hot or cold food. At Bygreen, this packaging is strong, dependable and greaseproof.

MATERIALS

RESPONSIBLY SOURCED PAPER & WOOD FSC® CERTIFIED

These wood or paper-based products are made from materials sourced from FSC® Certified companies that use sustainable practices to help protect our forests.

MICROWAVE & OVEN SAFE

This packaging can be used safely in a microwave or an oven. *Palm Leaf Products - within limitations - Microwaveable up to 2 min on high. In a convection oven at 180° for up to 40 min.

FREEZER SAFE

You can use this packaging safely in the freezer. However, you should test the packaging first to ensure the type of food you're freezing doesn't affect the structural integrity of the packaging once it's thawed.

FREIGHT POLICY

PLEASE SEND ALL ORDERS IN WRITING TO sales@bygreen.com.au

FOR ANY ENQUIRIES OR MORE INFORMATION - PLEASE PHONE (07) 3888 0566

Orders placed before 12 noon will be picked and dispatched within 48 hours. Once your order is received, we will enter the order and email you a confirmation. Please check the confirmation and reply by email or phone ASAP if any order changes are to be made. If we have not had any reply - we will assume the order is correct and we will proceed to pick & send.
