Australia's Finest Condiments

Wood's Olde Style Preserves' was established in 1985, supplying gourmet, homestyle condiments to weekend markets and restaurants around Melbourne and Victoria.

Demand and reputation quickly spread about the company that made condiments as good as a chef would make.

In 2002, Edlyn Foods acquired the business of Wood's and moved operations from their small shop front in Wood Street Preston, to a larger manufacturing facility.

With the legacy left by its founders, Wood's Premium Condiments continue to be made in the way they always have, with care and attention, using only the freshest and best quality ingredients.

As Australia's premium condiment supplier to the foodservice industry, Wood's products are used by discerning clients who value quality above all else.
